The Kettle Falls Land Company Will Soon Organize in This City With Grand Rapids Officers and Capital.

The office of the Kettle Falls Land company was thronged with people all day investigating the claims of the company and looking over the miner-als fruits, cereals, etc., on exhibition. Expressions of surprise were heard on every hand at the showing made from this new but wonderful corner of the state of Washington. Judging from overheard conversation there will be a colony of over 100 Grand Rapids peo-pie in Kettle Falls in a very short time. The company is not only selling stock, but many lots are being disposed of. It is confidently expected that by the time the company is organized and in full operation it will be able to de-clare dividends on stock.

A great many people do not under-stand how the purchase of stock is be-ing made or what it costs to belong to the company. The capital stock of the company will be \$100,000, divided into shares of \$25 each. This sum represents the entire purchase price of the property. Persons investing money in this enterprise are assured that within six or nine months enough property will be sold to reimburse them for their first investment, and they still have six-sevenths of their property remain

The company will be organized not later than Tuesday, September 6, and officers elected for the ensuing year. The main office will be in Grand Rapids and all business relating to the company will be transacted in this city.
All of the officers will be Grand Rapids
men, in whom the people may place
implicit confidence. The organization of the company and the election of officers will be public and all stock un-soid prior to the meeting will be offered for sale at that time. Notice of the date of organization will be announced through the columns of the daily press. Land is the basis of all security.

G. A. R. and W. R. C., Attention. The Lake Shore & Michigan Southern railway will sell excursion tickets to Washington, D. C., and return from September 13 to 20, inclusive, good to return until October 10, 1892, and on September 17 will run a special car on the train leaving Grand Rapids at 7:40 s.m., to be attached to the special Washington train at White Pigeon, giv-ing a daylight ride through the moun-tains of Pennsylvania, arriving at BEARERS WAGON Washington on the evening of the 18th. Our Fall Pur- Special Good News to the Voter.

We offer a Beautiful Bound, Handsomely Printed, Elegantly Illustrated, Copy of "The Life of Ben. Harrison, by the Author of Ben Hur" Absolutely free.

EAD AND DO SOME THINKING

The voter cannot cast an intelligent Ballot unless he can appreciate the intricate manipulations of the wheels of government and become conversant to some extent at least with the fundamental facts and theories controlling the various great governmental departments, and he cannot hope to know the character of the chief executive unless he reads an Accurate and Impartial Biography, written and compiled by a Master Litterateur, equal to the difficult task.

Gen. Benjamin Harrison is a candidate for re-election. The Nation demands that the hero who led its armies in the Field, and who for four years has wisely and nobly steered the ship of state shall continue to hold the helm and guide our Nation through the perils of the future as ably as he has through those of the past. He who during the administration has saved the country from a series of threatening dangers, has brought Italy and Chile to the feet of our Republican throne, and made even England yield to American demands in the Behring Sea difficulty, is the man for the people of these United States.

Gen. Lew Wallace, who is known throughout the United States as one of the most intimate personal friends of President Harrison, and as having had a great deal to do with his re-nomination, has written a biography of the President, which reads like a veritable

Romace, yet is Accurate History.

The book has been officially authorized and contributed to by the heads of the government in Articles regarding the workings of the Republican policy and the Present administration. These distinguished contributors include Hon. William E. Curtis, Hon. John Wanamaker, Hon. Jeremiah Rusk, Secretary Foster and Hon. Eugene Hale. Their topics include commercial Reciprocity, Postal Service, Progress of the Public Domain, Etc.

When General Harrison was asked his choice of a biographer he promptly replied, "My life-long friend, General Wallace." His chief advisors, interpreting the President's desire, have officially supplied the volume

with most valuable contributions.

The Book is a Monument to Skill and Fidelity.

We offer it Free with three months' subcription to THE HERALD. The book sells for \$1.50, and thousands of copies have been and are being sold. We are desirous of having such a book, brim full as it is of information of vital importance to the voter, in every home in Western Michigan. It will be referred to oftener than a dictionary, and will be read with more pleasure than a novel.
